National Ethnic Disability Alliance – 15 year anniversary message

On behalf of Tony Abbott and the Coalition I congratulate NEDA on 15 years of great work supporting people with a disability, their carers and families.

I regret that I am unable to join you at your celebration due to Senate Estimates hearings in Canberra.

People with a disability from non-English speaking backgrounds often face additional challenges accessing support services in Australia. That is why the work of NEDA is so important.

I hope that today is a day to celebrate your many achievements and to look towards a brighter future for all Australians with a disability.

Yours sincerely
